

Charis

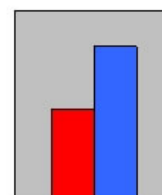

Charis-ONE is a self-contained machine, for cleaning middle sized carpeted areas. With Charis-ONE it is possible to clean a 40cm strip of carpet perfectly, removing the dirt from the base of carpet fibres. The water-flow can be adjusted, for a maintenance low-moisture cleaning or a restoration deep cleaning.

The Santoemma high waterlift vacuum system allows excellent removal of the dirt and a very short drying time: the carpet can be dry in one hour! With only a 60 decibel sound level, it is possible to work without disturbing other people.

		CHARIS
Recovery tank capacity	Liter	35
Solution tank capacity	Liter	35
Vacuum motor		Three stages (High waterlift)
Power	Watt	1500
Maximum waterlift	mm H2O	3400
Maximum air-flow	L/sec	45
Pump with bypass		Membrane
Power	Watt	80
Maximum pressure	bar	9
Maximum water-flow	L/min	4,5
Cleaning width (carpet/hard floor)	mm	400
Number of nozzles		4
Brush		1x120W, 600 RPM, 363mm
Max. performance	m2/u	250
Cable length	Mtr.	15
Hose length		optional
Weight (machine body)	Kg	55
Weight (packaged machine)	Kg	65
Dimensions LxBxH	cm	42x104x96
Package dimensions	cm	50x110x114
Standard colors		Blue
Tank construction		High density polyethylene
Suitable to work with heater		Yes
